

## **Weather forecast from 1<sup>st</sup> to 10<sup>th</sup> June 2021**

### **1. Rainfall Forecast**

Rainfall expected between 1<sup>st</sup> and 10<sup>th</sup> June 2021 will range between 0 and 20 mm across the country. Enhanced rainfall is expected in northern parts of Western Province and in areas of Virunga National Park. Expected rainfall will result from increased moisture in Congo as well as local effects.

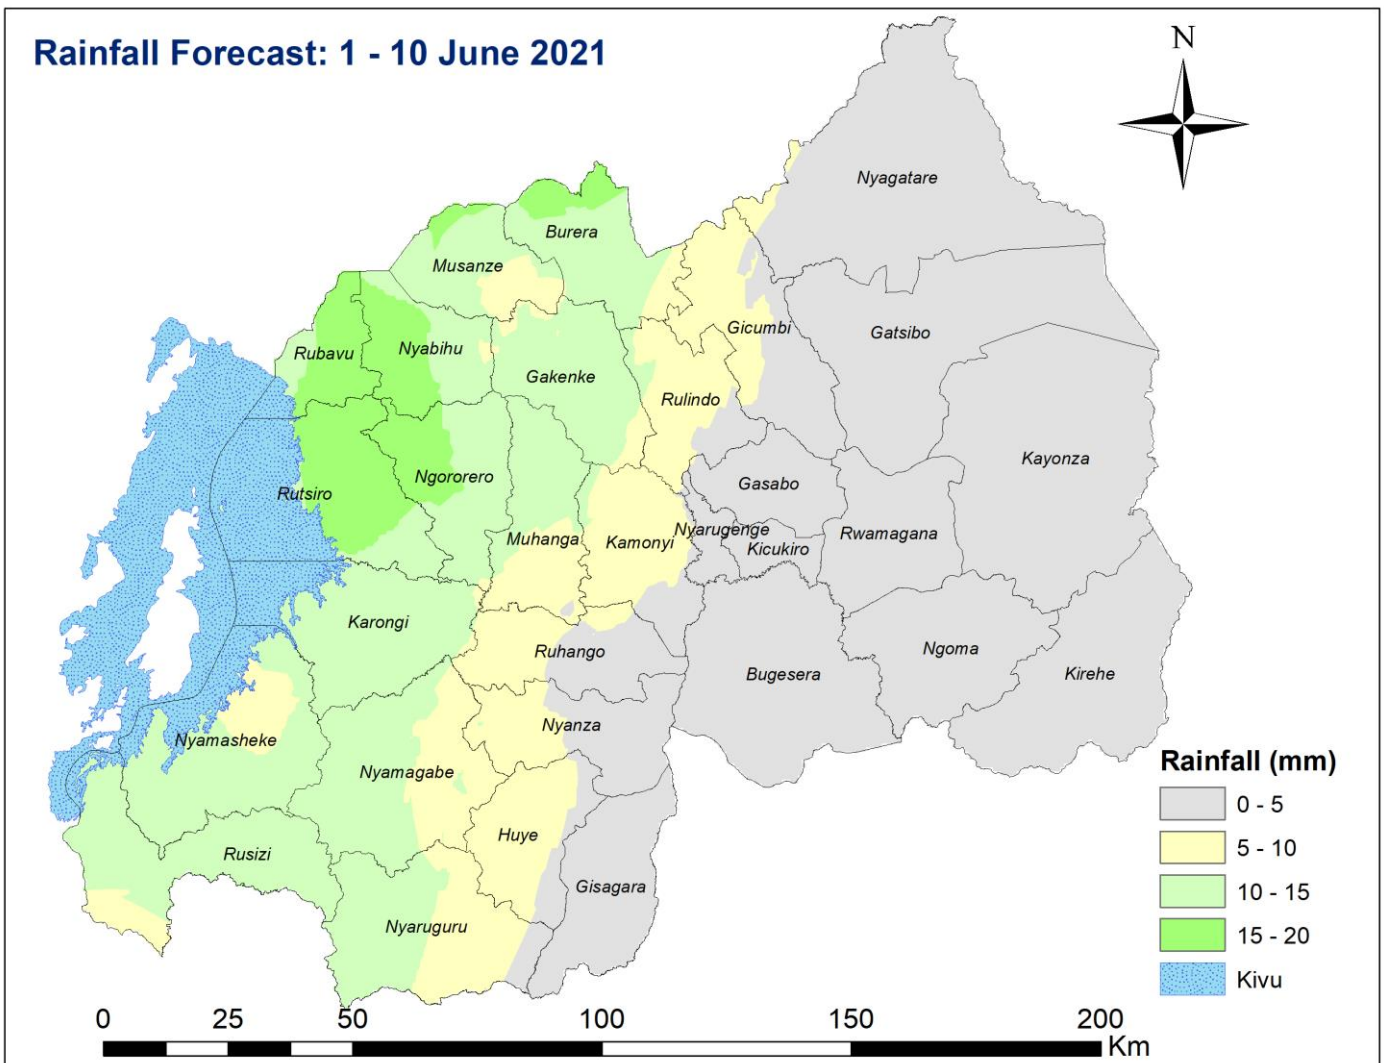

The distribution of the rainfall across the country is highlighted below:

- **Eastern Province:** Rainfall ranging between 0 and 5 mm is expected in all the districts of Eastern Province.
- **City of Kigali:** Expected rainfall is ranging between 0 and 5 mm.
- **Southern Province:** Rainfall ranging between 0 and 5 mm is expected in Gisagara district, eastern Nyanza, Ruhango and some pockets of eastern Huye, Nyaruguru and Kamonyi districts. Rainfall ranging between 5 and 10 mm is expected in remaining parts of Huye, Nyanza, Ruhango, Kamonyi, southern parts of Muhanga district and in eastern parts of Nyamagabe and Nyaruguru districts. Rainfall ranging between 10 and 15 mm is expected in western parts of Nyaruguru and Nyamagabe districts and in northern parts of Muhanga.
- **Western Province:** Rainfall ranging between 15 and 20 mm is expected in Rubavu, most part of Rutsiro district and in western parts of Nyabihu and Ngororero. Rainfall ranging between 5 and 10 mm is expected in southwestern parts of Rusizi and small part of northern Nyamasheke while rainfall ranging between 10 and 15 mm expected in remaining parts.
- **Northern Province:** Rainfall ranging between 15 and 20 mm is expected in areas of Virunga National Park. Rainfall ranging between 10 and 15 mm is expected in most parts of Gakenke, Musanze and Burera districts excepts some few pockets of their south eastern parts expected to receive rainfall ranging between 5 and 10 mm. Rainfall ranging between 5 and 10 mm is expected in northern parts of Gicumbi and Rulindo districts where their southern parts expected to receive rainfall ranging between 0 and 5 mm.

For more details on spatial distribution of expected rainfall, refer to the map below.

## Rainfall Forecast: 1 - 10 June 2021
